

# ReNew Taupe

PLAYGROUND

“An innovative stoneware collection made with 90% recycled material delivering the latest in sustainability.”

We are delighted to introduce ReNew in a new Taupe colourway to compliment the ReNew White range launched earlier in the year.

Taupe has a smooth matt brown finish on the exterior contrasting with the shiny brown durable glaze on the interior offering an artisan look combined with a practical serving solution.

The range is perfectly completed with an option of complimentary bowls with a relief texture. Both colourways work perfectly mixed together creating a combination of dark and light pieces that delivers a stunning backdrop to the foods colours and textures.
