ROCHÈRE
1475 FRANCE

La Rochère, Europe's oldest glass factory since 1475, is celebrated for its mastery in traditional French glassmaking. The Bubble Sundae Dish is a standout piece in its collection, with a unique, slanted half-spherical design that instantly elevates it from the everyday bowl.

Perfectly shaped for a delightful scoop of ice cream, the Bubble combines retro 1960s charm with modern flair, making it both visually striking and functional. This dish not only enhances the presentation of your dessert but also invites you to elevate your serving skills, creating an irresistible, photo-worthy bowl of ice cream every time!
