

Ancora

Mini Dessert

The mini ONIS Ancora dessert dish is the ideal capacity for serving mini taster desserts either individually or as a taster flight on the Playground acacia wooden board.

As the trend for mini desserts and tasters continues to grow the footed glass adds height and shows the visual layers of the desserts being served.

- Multi purpose use
- Great for portion control
- Low foot for stability
- Dishwasher safe

Use the wooden **68-44-107 Serving Board** and create a mini dessert flight for the ultimate sharing experience
